

COLOURSTRINGS

Dear Friends and Colleagues,

As you probably know we have started a new training initiative which is a two weekend training course for those who wish to gain the Phase 1 Colourstrings teacher training qualification. Instead of a Phase 1 that consists of 7 days of intensive tuition this course is now divided into two weekends which is proving to be truly popular and successful.

As well as being an ideal course for teachers who are new to Colourstrings, these can also be stand alone weekends for teachers who have already attended some Colourstrings training and wish to refresh their skills, update their knowledge and catch up on new material with Geza and Csaba Szilvay, Pirkko Simojoki and David Vinden.

The dates for the second weekend will be the 9-11th February 2018 at Southlands College, Roehampton University, London, UK. We will be sending out booking information soon with early booking discount options.

Best,
Verity
